## MEDICAL CONSIDERATION REQUEST

*TO BE COMPLETED BY THE CANDIDATE*

If you have a medical condition and are requesting an accommodation for the Uniform CPA Examination (CPA Exam), please complete and return this form, as well as the Medical Consideration Documentation Form, to the California Board of Accountancy (Board). This form and other documentation will become a part of your examination record but will be purged from your file when you have passed the examination.

1. What is the nature and extent of your medical condition?

---

2. Describe the medical consideration requested.

---

Please provide the Board with verification of your medical condition, on official letterhead, from a licensed or certified health care professional, supporting your medical consideration request. The Medical Consideration Documentation Form on the following page, may be used in lieu of the health care professional's official letterhead. The Board will not pay any costs you may incur in obtaining the required documentation. The medical information is considered **confidential** and will not be released; however, accommodation information will be released to the National Association of State Boards of Accountancy (NASBA) for the purpose scheduling the particular approved accommodation.

Upon receipt of this information, the request will be considered, and you will be notified in writing of the Board's decision.

If you have any questions, you may contact the Board's Examination Analyst at (916) 561-1703.

## **INFORMATION REGARDING THE UNIFORM CERTIFIED PUBLIC ACCOUNTANT (CPA) EXAMINATION**

An applicant for licensure as a CPA is required to pass a computer-based examination, which is uniform throughout the United States and its territories. The Uniform CPA Exam (CPA Exam) administered during two months of every three-month period throughout the year. Each three-month period is called a testing window.

The computer-based test is comprised of four parts, titled:

- Auditing and Attestation (AUD) 4.5 hours.
- Financial Accounting and Reporting (FAR) 4 hours.
- Regulation (REG) 3 hours.
- Business Environment and Concepts (BEC) 2.5 hours.

### **Types of Questions.**

Questions offered on the computer-based CPA Exam will be objective and simulations.

- Objective questions will be presented in a multiple-choice format and will appear as sequential testlets. Testlets are groups of questions that are constructed to appear together. Each examination section will include approximately three multiple-choice testlets. Each testlet will contain approximately 25 questions. A candidate may move about within each testlet; however, once a candidate exits a testlet, the candidate will not be able to access that particular testlet.
- Simulations are condensed case studies that will assess accounting knowledge and skills using real life work-related situations and may require the use of word processing skills, spreadsheet skills, and research of authoritative literature. Presently, each examination section, except BEC, will include two simulations. Each simulation is also considered a testlet.

### **Understanding, Analysis, and Judgment.**

CPA candidates will be asked to demonstrate understanding, analysis, and judgment on the CPA Exam through questions that will require them to:

- Interpret and apply relevant professional literature.
- Comprehend professional standards and apply these standards during the course of an engagement.
- Recognize business-related issues and their relevance to evaluating an entity's financial condition.
- Evaluate, analyze, and process entity information for reporting in financial statements.
- Identify financial accounting and reporting methods and select those that are suitable.
- Address, analyze, and resolve issues in the conduct of an engagement.

## Communication.

Candidates will demonstrate their written communication skills through the use of short constructed response questions. Written communication skills will be tested in the context of specific subject matter.

## Research.

Candidates will demonstrate their research ability, searching professional literature, identifying relevant information, and drawing conclusions.

## Skills Target Weighting.

The percentages listed below represent the range of total test points associated with that skill for each section, and for the examination as a whole.

	Communication	Research	Analysis	Judgment	Understanding
<b>AUD</b>	10% - 20%	6% - 16%	12% - 22%	12% - 22%	35% - 45%
<b>FAR</b>	6% - 16%	11% - 21%	13% - 23%	10% - 20%	35% - 45%
<b>REG</b>	0% - 14%	9% - 19%	9% - 19%	8% - 18%	45% - 55%
<b>BEC</b>	0% - 13%	0% - 13%	8% - 18%	6% - 16%	55% - 65%

Credit status is established by passing any one section of the computer-based examination.

A first-time candidate who passes any section of the computer-based CPA Exam during the six months (two windows) immediately following commencement of computer-based testing shall retain credit for that section for a 24-month period beginning with the date the section of the examination was passed. A first-time candidate who passes any section of the computer-based CPA Exam after the initial six months shall retain credit for that section for an 18-month period beginning with the date the section of the examination was passed.

A repeat candidate transitioning examination section credits from the paper-and-pencil based examination will receive credit for the computer-based equivalent of those sections. This candidate will be allowed an 18-month period from commencement of the computer-based examination to pass any remaining examination sections, or the number of attempts remaining under paper-and-pencil, whichever is exhausted first.

When a candidate has credit for all four sections of the examination at the same time, the candidate has passed the examination.

Once the CPA Exam is passed, an applicant for the CPA license must demonstrate qualifying experience of up to four years in order to obtain licensure as a CPA.
